

Good News! We're taking the very popular UIC Clinic on the road as a **Four Hour, One Day, or Two Day clinic**, depending on your needs. These clinics are designed for either District or Section sponsored training to help support your UICs.

All clinics will focus on:

- Roles and Responsibilities of the local and district UICs
- How to's of putting on:
 - Rules Clinics
 - Mechanics Clinics
 - Youth Clinics
 - Training Instructors
 - Best Teaching & Training Practices
 - Recruitment & Retaining of Volunteer Umpires

All materials coincide with Western Region Umpire Training. If you are interested in taking your local and/or district UICs to the next level consider hosting a Western Region UIC Outreach Clinic in your District or Section.
